

# QHB—Maternity Services Measured Blood Loss

University Hospitals of  
Derby and Burton  
NHS Foundation Trust

Most recent blood results:  
Hb:  
Platelets:  
Date:

Type of birth (circle):   NVD   Emergency CS   Elective CS   Ventouse   Forceps

Date of birth:

Time of birth:

Time	Type <small>(small swab, inco, suction etc)</small>	Gross Weight (g)	Dry Weight (g)	Blood Weight (g)	Cumulative loss (ml)
<b>TOTAL</b>					

5 swabs            weight = 70g  
Sterile drape      weight = 10g  
Sanitary pad       weight = 14g  
Trough             weight = 580g

Draw sheet        weight = 350g  
Inco pad            weight = 28g  
Tampon             weight = 20g

1g of weighed blood = 1ml

To calculate blood loss: Gross weight - Dry weight

**TOTAL MEASURED BLOOD LOSS =** .....ml

Based on OBSCYMRU project
